Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A tourist interested in visiting UNESCO World Heritage Sites	Find the best heritage sites to visit based on location, popularity, and significance	I cannot easily compare sites across countries in one place	The information is scattered across multiple websites and reports	Confused and unable to make informed travel decisions
PS-2	A student researching UNESCO World Heritage Sites	Analyze the distribution of heritage sites worldwide	The data is not presented in an easy to understand visual format	Most sources provide raw data without visualization	Difficult to analyze trends and patterns

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

but	Describe what problems or barriers stand in the way - <i>what bothers them most?</i>	Describe the problems or barriers that get in the way here
